

INGENIUM® ZB Wall-mounted Controller

The INGENIUM® ZB Wall-mounted Controller is a flexible and user-friendly device to control your smart lighting, including brightness and group settings, without using a smartphone and app.

Key Features & Benefits

- As a member of INGENIUM® ZB system, it links up with INGENIUM® ZB lighting devices into groups for easy control.
- Group lighting control: On/off and dimming control of INGENIUM® ZB lighting devices in 2 groups.
- Sleek and stylish appearance to upgrade your smart home design. It can replace your conventional on/off or dimming wall switches for smart control.
- Flat glass surface touch control with light indication upon the selection of a touch button.
- Retain control to INGENIUM® ZB LED light devices when gateway is out of service, or the smartphone is out of reach.
- Installation free: Simple and no wiring needed. It equips with magnetic holder for detachable mounting, allows portable local control or fitting it on the wall.

Applications

- Residential
- Small business
